To

The Secretary to the
Chief Commissioner
Mysore

Sir,

I have the honor to submit for the favorable consideration and sanction of the Chief Commissioner, two Estimates Amounting to Rs 17386 for metalling roads in the town of Mysore, as also for filling up certain drains which are both unsightly and dangerous to wheeled traffics.

I have personally inspected these in Company with the President, & am of opinion that the proposed works will be beneficial, and indeed are almost absolutely necessary

It will be observed from the President's letter and I can confirm his statement that most of these roads become nearly impassable from — deep mud in the rainy season owing

to them not having hitherto been metalled. It is much to be regretted that more energy and judgment was not displayed by the Municipality in former years, as their revenue was not expended while some works such as, clock towers of very secondary utility were undertaken instead of those now recommended. A large balance of Rs 45237 has consequently accumulated and it is proposed to push forward the metalling of the roads at once and submit further projects as early as possible for utilizing under the Roads Drainage etc as much of this as can be expended this year. The Chief Commissioner will perceive that these proposals are nothing more than an endeavor to rectify former omissions as the works ought to have been executed from Current revenue during a succession of years and I trust therefore that he will be pleased to accord his early sanction to the Estimates now submitted Every care will be taken to carry out the works efficiently before the end

the Current Official year.

I have the honor to be

Sir.

Your most Obed't Servant

[illegible]

Commissioner

Proceedings of the Chief Commissioner of Mysore, General Department,
5th December 1874.

From the Commissioner, Ashtagram Division, To the Offg. Secretary to the Chief Commissioner of Mysore, General Department, General No. 574—G. 218, dated Camp Maddur, 24th November 1874.

I have the honor to submit for the favorable consideration and sanction of the Chief Commissioner, two estimates amounting to Rs. 17,386, for metalling roads in the town of Mysore, as also for filling up certain drains which are both unsightly and dangerous to wheeled traffic.

I have personally inspected these in company with the President, and am of opinion that the proposed works will be beneficial, and indeed are almost absolutely necessary.

It will be observed from the President's letter, and I can confirm his statement, that most of these roads become nearly impassable from deep mud in the rainy season owing to their not having hitherto been metalled. It is much to be regretted that more energy and judgment was not displayed by the Municipality in former years, as their revenue was not expended while some works, such as clock towers, of very secondary utility were undertaken instead of those now recommended. A large balance of Rs. 45,237 has consequently accumulated, and it is proposed to push forward the metalling of the roads at once, and submit further projects as early as possible for utilizing under the heads drainage, &c., as much of this as can be expended this year. The Chief Commissioner will perceive that these proposals are nothing more than an endeavour to rectify former omissions, as the works ought to have been executed from current revenue during a succession of years, and I trust therefore that he will be pleased to accord his early sanction to the estimates now submitted. Every care will be taken to carry out the works efficiently before the end of the current official year.

No. 6535—GENL., 255, DATED BANGALORE, 5TH DECEMBER 1874.

ORDER THEREON.—The estimates amounting to Rs. 17,386 for metalling roads in the town of Mysore are sanctioned as requested.
